SOCIAL WORK 4DD6 STUDENT PLACEMENT EVALUATION GUIDE FOR FIELD INSTRUCTORS OF COMMUNITY, RESEARCH AND POLICY PRACTICE

Welcome to the field placement evaluation! Evaluations are a crucial (but sometimes stressful) component of the field placement process. This guide offers:

- A table to track the evaluation process throughout the placement (pages 1 + 2)
- Processes for completing evaluation forms (page 2)
- The McMaster School of Social Work Statement of Philosophy and CASW Code of Ethics (page 3)
- Placement Objectives what to expect from fourth year students (page 4)
- Description of the rating scales (page 5)
- Some methods for evaluating student performance (page 6)
- In-depth descriptions of the practice areas being evaluated (pages 7 11)

If any questions about evaluation (or anything else) come up, do not hesitate to get in touch with the Seminar Leader connected to your placement. Not sure who that is? The student knows or email Lorna (oconnell@mcmaster.ca).

THE EVALUATION PROCESS - CONCURRENT

WHEN?	WHAT?	WHO?
Early October	Print the evaluation forms and review each component Review the student's Learning Objectives in relation to the evaluation Highlight the components that will be evaluated so that the student is aware of what they are being evaluated on and the FI knows what they will evaluate	Student and Field Instructor(s)
Late October	Submit highlighted evaluation form to Seminar Leader with any questions or clarification. Seminar Leader will return to the student in 1-2 weeks.	Student and Seminar Leader
Mid-November	Meeting to prepare for and complete mid-term evaluation	Student and Field Instructor(s)
Late November or early December (Seminar Leader will be in touch to book)	Meeting to discuss evaluation Evaluation forms submitted At this point, Learning Objectives and components for evaluation may be revisited and revised	Student, Field Instructor(s) and Seminar Leader
Mid-March	Meeting to prepare for and complete final evaluation	Student and Field Instructor(s)
Late March or early April (Sem Leader will contact to book)	Meeting to discuss final evaluation Evaluation forms submitted	Student, Field Instructor(s) and Seminar Leader

THE EVALUATION PROCESS - BLOCK

WHEN?	WHAT?	WHO?
Early September	Print the evaluation forms and review each component Review the student's Learning Objectives in relation to the evaluation Highlight the components that will be evaluated so that student is aware of what they are being evaluated on and the FI is aware of what they need to evaluate.	Student and Field Instructor(s)
Mid-September	Submit highlighted evaluation form to Seminar Leader with any questions or clarification. Seminar Leader will return it in one week.	Student and Seminar Leader
First week of	Meeting to prepare for and complete mid-term	Student and Field
October	evaluation	Instructor(s)
Mid-October	Meeting to discuss mid-term evaluation	Student, Field
(Seminar Leader will	Evaluation forms submitted	Instructor(s) and
be in touch to book)	At this point, Learning Objectives and components for evaluation may be revisited and revised	Seminar Leader
Mid-November	Meeting to prepare for and complete final evaluation	Student and Field Instructor(s)
Late November	Meeting to discuss final evaluation	Student, Field
(Seminar Leader will	Evaluation forms submitted	Instructor(s) and
be in touch to book)		Seminar Leader

There are a few ways to approach the completion of the field evaluation forms:

- 1. The student and Field Instructor(s) meet together to complete the forms
- 2. The Field Instructor(s) completes the form and the student offers feedback/changes/comments
- 3. The student completes the form and the Field Instructor(s) offers feedback/changes/comments
- 4. The student and Field Instructor(s) complete the form separately and bring their responses together for a conversation and to complete a joint evaluation form

Each Field Instructor will develop their personal style but our recommendation is that Option #4 tends to work best and enhances the student's learning and minimizes the power imbalance (and ensuing stress!) that can be a reality in evaluating student performance.

McMASTER SCHOOL OF SOCIAL WORK - STATEMENT OF PHILOSOPHY

The following philosophy underpins the social work education offered at McMaster University. Students are expected to develop their practice style in relation to this philosophy.

As social workers, we operate in a society characterized by power imbalances that affect us all. These power imbalances are based on age, class, ethnicity, gender identity, geographic location, health, ability, race, sexual identity and income. We see personal troubles as inextricably linked to oppressive structures. We believe that social workers must be actively involved in the understanding and transformation of injustices in social institutions and in the struggles of people to maximize control over their own lives.

CANADIAN ASSOCIATION OF SOCIAL WORKERS CODE OF ETHICS

Value 1: Respect for the Inherent Dignity and Worth of Persons

Value 2: Pursuit of Social Justice

Value 3: Service to Humanity

Value 4: Integrity in Professional Practice

Value 5: Confidentiality in Professional Practice

Value 6: Competence in Professional Practice

A full description of the Code of Ethics can be found at: http://www.casw-acts.ca/sites/default/files/attachements/casw code of ethics.pdf

PLACEMENT OBJECTIVES – WHAT TO EXPECT FROM FOURTH YEAR STUDENTS

The fourth year placement is an opportunity to work toward beginning social work practice ability – by the end of the placement, the student, field instructor and seminar leader should feel confident in the student's ability to work as a beginning level social worker. The fourth year student will build on third year placement experience and add nuance to their practice in the following areas:

Interpersonal relationships
Analysis of power inherent in the helping relationship
Problem identification and analysis
Problem solving
Self-reflection
Evaluating practice
Integration of theory and practice

Both the field and the classroom should foster student learning on the societal, professional and organizational context of social work practice. Additionally, fourth year social work students are asked to continue developing the mechanisms they will use to critically self-reflect on their position and practice in relation to their emerging identity as social workers.

Rating Scale:

Numerical	Description	Explanation
Rating		
1 - 3	Serious Concerns About	The student demonstrates very little
	Practice Ability	knowledge, skill development and
		personal/professional growth. Poor
		understanding of requirements.
4 - 6	Growth in Practice Ability	The student is beginning to approach an
		expected level of knowledge, skill
		development and personal/professional
		growth. Requirements are understood.
		Practice is developing.
7 - 8	Effective Practice Ability	The student demonstrates competency at an
		expected level in terms of knowledge, skills
		and personal/professional development.
		Can often perform independently.
9 - 10	Ready for Beginning Social	The student demonstrates effective
	Work Practice	application of knowledge, skills and
		personal/professional development. High
		level of independence. Generates new
		approaches to practice. Developing an
		individual interpersonal style. can adapt
		practice to different situations/contexts. The
		student is ready to practice in social work at
		a beginning level.

Passing and Failing:

Students must obtain a minimum of C+ in their seminar class AND a pass in placement in order to graduate. Due to the fact that the seminar and placement are linked the seminar leader is the person who determines whether or not a student will pass or fail their placement. This is done through consideration of the evaluation scores, extensive communication with the Field Instructor and student and observations of theory/practice integration in seminar. In terms of what the rating scales mean in relation to passing or failing – this is a guide (but there may be unique situations that arise that do not follow these patterns). Contact the seminar leader attached to your placement with any questions or concerns as soon as possible:

Mid-Term

- Mostly 1s and some 2s at mid-term would be cause for a serious conversation about how to increase those scores in the latter half of the placement. A plan should be

- developed between the student, field instructor and seminar leader that helps the student get where they need to be.
- Mostly 2s and some 3s at mid-term would be cause for a conversation about how to increase those scores in the latter half of the placement. We would expect the student to progress in the second half to reach a minimum of 2.5 and higher in all areas.

<u>Final</u>

- Any 1s at the final will be cause for failure of the placement
- Mostly 2s and some 3s at the final could result in failure. We expect students to achieve a minimum of 2.5 in all areas to pass.

METHODS OF EVALUATION

There are a range of ways to evaluate student practice. The following are some methods to choose from:

Student's verbal assessments – student describes what happened and reflects on their own performance and learning

Student's written work – including process recordings, assessments, summary reports, case/project recording, research briefs

Field Instructor observation – including direct observation of work, co-leading (student and field instructor(s) working together), one-way mirror observation, listening to or watching recordings

Feedback from others – including solicited and unsolicited feedback from service users, colleagues and community partners

IN-DEPTH DESCRIPTIONS OF PRACTICE AREAS

These charts are meant to describe our expectations and what would constitute concerns with students. However, all of these should be considered within the context of the organization and in getting to know the student well. The reality is that there are many factors that could come across as a concerning performance issue but may actually be related to personality (really shy students), undisclosed need for accommodations or other broad structural factors. These issues would still need to be discussed and a plan put in place to support students. We know that students from equity seeking groups (racialized, Indigenous, queer and trans, in particular) experience oppression that might in turn result in responses from students that look like practice concerns. If you have any questions/concerns about this, please engage the student in a discussion and/or reach out to the seminar leader.

CONSULTATION

We'd be concerned if a student	We'd expect a student to
Does not respond to challenges like unequal	Respond to challenges as they emerge. Things
participation or crisis/conflict	like eliciting participation from people who are
Struggles to plan and engage with groups by	reluctant and responding to crisis/conflict well
staying organized and prepared	Plan and engage with groups by developing
Does not consider issues of access and	agendas, preparing for meetings
inclusion in their planning work	Fostering access and inclusion through making
Is unable to build rapport and trust with a variety of stakeholders	sure everyone who has as stake in an issue can participate
Does not start to build their own leadership and co-facilitation skills or if they are unable to	Be able to build rapport and trust with a variety of stakeholders
be supportive and share space	Demonstrate leadership and co-facilitate in
Does not seem to understand group theory or	ways that are supportive and share space
struggles to apply the theory when working	Understand that groups go through stages of
with groups	cohesion and apply that knowledge when
	working with groups

COMMUNICATION

We'd be concerned if a student	We'd expect a student to
Does not seem to understand that groups and	Understand and demonstrate awareness of
teams have particular dynamics or is unable to respond to those dynamics	team and group dynamics
respond to those dynamics	Communicate clearly and appropriately to a
	variety of audiences
Is unable to express ideas clearly and	Do mindful of the ways language can impact
appropriately to a variety of audiences	Be mindful of the ways language can impact
	communities and strive to use anti-oppressive,
Does not grasp the importance of using anti-	inclusive language
oppressive and inclusive language	Communicate clearly in writing
Has trouble communicating clearly in writing	Consider how to disseminate the knowledge
Thas trouble communicating clearly in writing	that is gained through various community
	projects in ways that are accessible
Does not consider how knowledge that is	
gained through various community projects	
can be shared in ways that are meaningful and helpful	

UNDERSTANDING THE CONTEXT

We'd be concerned if a student	We'd expect a student to
Did not participate in opportunities to network with people to understand the context of a given community issue	Participate in networking as a way to understand the context of a given community issue
Was not concerned about developing a fulsome appreciation of the issue at hand	Actively work toward developing a critical knowledge of the issue at hand
Did not start to grasp the skills needed to plan and execute research processes	Demonstrate an understanding of planning and executing research
Was unable to conduct thorough and systematic literature reviews	Conduct thorough and systematic reviews of the literature
Was unwilling or unable to appreciate the policy context of their placement setting and	Understand the policy context of their placement setting and tasks

tasks Did not respect different nor recognize the influence of culture/history/context on who a person is and how they participate in their community	Demonstrate cultural humility in their placement tasks – respecting and recognizing difference

WORKING TOWARD CHANGE

We'd be concerned if a student	We'd expect a student to
Is unable to understand the basic processes of	Demonstrate an understanding of the process
enacting change with communities	of enacting change with communities
Is unable to identify potential problems and	Be able to identify potential problems and
find ways to overcome them	identify steps to working to overcome them
Does not understand how their placement	Understand their placement tasks in relation
tasks relate to broader social change and	to broader social change and social movement
social movements	work
Did not demonstrate and understanding of	Connect their placement tasks to social
social work/community practice theories	work/community practice theories
Was unable to grasp the non-linear and	Appreciate that social change is complex and
complex nature of social change	non-linear

WORKING FROM A SOCIAL JUSTICE LENS

We'd be concerned if a student	We'd expect a student to
Description of the second seco	Identify have a sigland a green during his are
Does not demonstrate an understanding of	Identify how social and personal problems are
how social and personal problems are	inextricably linked to broader structural
inextricably linked to broader structural	oppression
oppression	
SPP-333331	Understand themselves and their politicized
Does not understand themselves and their	identities in relation to the placement tasks
politicized identities in relation to their	
pointeized identifies in relation to their	Operate from a place of understanding the

placement tasks	historical and contemporary colonial practices
Struggles to operate from a placement of understanding the historical and contemporary colonial practices in social work	in social work

PLANNING

We'd be concerned if a student	We'd expect a student to
Is unable to set goals with clients and together plan strategies to attain goals	Be able to set goals with clients and together plan strategies to attain goals
Is unable to develop a plan of action with a service user that is based on the assessment statement Neglects to use appropriate agency and/or	Be able to develop a plan of action based on the assessment statement Use appropriate agency and community resources in plan
community resources in developing a plan of action	

IMPLEMENTING PLANS

We'd be concerned if a student	We'd expect a student to
Is unable to implement a plan of action with an individual, group, community group and/or a family	Be able to implement a plan of action with an individual, group, community group and/or a family

SELF-AWARENESS AND OWNERSHIP OF LEARNING

We'd be concerned if a student	We'd expect a student to
Seldom recognizes own strengths and	Take initiative in examining own performance;
weaknesses and shows little motivation for	be aware of own strengths and weaknesses:
change	when necessary, initiate change

Seldom recognizes the impact of own social location

Appears to struggle to juggle responsibilities and has no plan/implementation around self-care

Rarely seeks help; does not prepare for field instruction meetings; is overly defensive when challenged

Rarely does things on own initiative

Be aware of the impact of their own social location

Understand the stressful nature of the work and put plans in place to cope with that stress Take an active role in own learning; take responsibility for raising concerns with field instructor(s); be able to use information from field instructor(s) to improve performance Actively seek information and knowledge; have initiative and appropriate independence in carrying out tasks and raising issues
